September 11, 2019

County of Prince Edward  
332 Picton main Street  
Picton ON K0K 2T0

Dear Sirs:

This letter is in response to your letter of objection (December 15, 2017) under the Aggregate Resources Act (ARA) to our application to develop a pit on our farm property at 1002 Ridge Road.

Your objection was because Council had not considered the Official Plan Amendment and Zoning By-law Amendment applications to permit the extractive land use.

In view of the decision made by Council at last night's Council Meeting (Sept. 10, 2019), to approve the applications, it is our understanding that the County's objection can now be considered resolved. Your confirmation of same in writing is required as per procedures under the ARA.

In the event that an objection resolution confirmation is not provided, the County will receive in about 2 weeks another letter from us which is the Notice of Objector Response (NOR) form. This is a Ministry of Natural Resources and Forestry (MNRF) form which the County must respond to in order to formally maintain its ARA objection. Unresolved (i.e. maintained) objections will be considered by MNRF and may be considered by the Ministry as grounds for referring the application to the Local Planning Appeal Tribunal (LPAT) for a hearing under the ARA.

If you have any questions on this matter, please contact our Planner, Mr. Amarjit Sandhu , MHBC Planning, at 613-384-7067 or [asandhu@mhbcplan.com](mailto:asandhu@mhbcplan.com).

Yours truly,

  
Paul and Sandi Greer
